### **"How To Make \$30K In 30 Days" The DVD**

On March 26th, history was made. During Yanik Silver's Underground Online Seminar, A special invitation was extended to 13 top marketing experts to meet for lunch.

None of them knew exactly what this meeting was about... they were told only that they were to meet in the hotel lobby, and from there they would be led to an undisclosed location for a "mastermind brainstorming session" with a group of their peers.

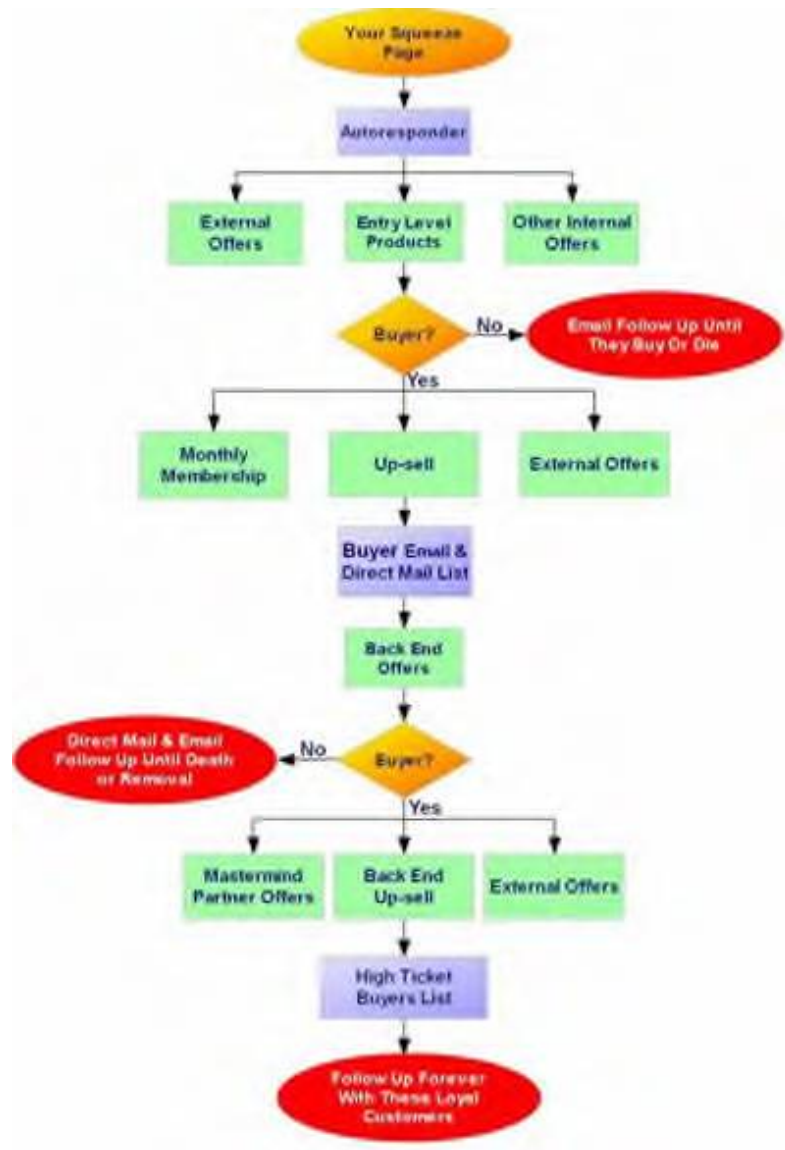

As they entered the hotel room, they were asked to introduce themselves on camera, and directed to take a seat in a semi-circle of chairs. When the mastermind group was seated, they were presented with the following scenario:

You have no access to your list, no contacts,

Then the cameras started rolling, and the genius started oozing out!

The resulting collaboration of ideas, strategies and tactics for quickly generating revenue online, unfolded into a clear-cut, simple to follow master plan...
